EDITORIAL

“Teamwork

is the secret that makes
common people
achieve
uncommon results”

-Ifeanyi Enoch Onuoha

At first, I was surprised, but mostly glad, that I was selected for the post of Yearbook Editor. Getting over the social aspect of being an editor was a tough mountain for me to climb because had I not been selected, I would have never chosen this situation upon me.

Through initial team discussions, we came to a consensus of planning several smaller fun events throughout the year, rather than one big event. Our brainstorming sessions led to the idea of varied celebrations that would involve both the sections.

Our first event was Monday Matinee Movie – We wanted to do something that all students of the school would enjoy. So we chose 2 short films, along with followup activities like mazes, movie reviews, art-based review, etc. It makes me immensely proud that we worked so well as a team.

Our next event was celebrating Navratri Utsav. To set the mood, we decorated the 7th floor with colourful dupattas. The challenges were all worth it, because this event connected teachers, students and support staff – everybody danced and enjoyed themselves.

Our last event saw us commemorate the heroes that protected us during the 26/11 attack. We invited a guest speaker who was a part of the first response teams on this unforgettable day. Prior to the event, the teachers took us through news recordings of the ordeal. Students then had to prepare a questionnaire about the various details of the attack. I was slightly nervous as we had to be up on stage discussing a serious event with a respected officer. However, my nervousness soon evaporated as our speaker, Mr. Vardhan gave us a deep insight into the life of a police officer. His trials and tribulations were a great inspiration for everyone present.

Being the editor for the yearbook has taught me many valuable leadership qualities such as teamwork, guidance and management. I was sceptical initially, but with time, I became more comfortable in my role. I knew that I had a dependable team backing me up and helping me as well as each other.

I must also give credit to the excellent teachers for being our mentors through this entire process. They helped us convert scribbles on paper into real events. I would also like to thank the entire Yearbook Team for working seamlessly together. One cannot forget the prompt action and help given to us by our support staff and of course, my friends for supporting me through this.

Yearbook Editor – Dev Kothari

MESSAGE FROM THE CHAIRPERSON

“
DANCE YOUR DANCE
TAKE THAT CHANCE
TOWARDS ALL YOUR
DREAMS
BIT BY BIT, YOU SHALL
ADVANCE
UNTIL,
YOU WIN”

To our dear Superstars,

The past year seemed to go by so quickly and yet at such a well-timed pace, right? It was definitely one to remember with our offline school and the rest of the world back in action. The seamless way with which all of you integrated back after the hiatus of Covid that we all experienced is truly remarkable and I hope you are very proud of yourselves. I know that I most definitely am! Each and every one of you has shown a great amount of grit, courage and determination which are three of the most important foundation blocks to thrive through life. You have engaged yourselves in connections, learnings and activities that has been a stepping stone towards your IQ as well as your EQ, and that really is the best way forward. Congratulations on flowing through the turbulence of the pandemic with such admirable vigour. Much like a mighty river, you have navigated yourselves past all the rocks and boulders that may have come your way and evolved to be more positive and confident than before. Many of the seeds that have been sown shall now be flourishing as you continue to grow in 2023. You shall discover new things about yourself – some of which you will love and some not so much. This is something that shall always be a part of growing up. Remember to focus on what you do love about yourself, stay strong with your confidence and know that with this and the right action, you can and will achieve anything you want. As you further bloom through this new year, keep dreaming big and accomplishing those dreams, even if some of them take longer. We create from what we think, so think big and continue to be your awesome self. 2023 has tons of exciting new adventures awaiting you, so hop on for your best ride yet! Before I sign off, I would like to deeply thank all of you for being your valuable selves and making this school a great balance of a fun and mindful place for all. Stay happy, curious and yourself always! I wish you the best kind of 2023 in all areas of your life.

Yours sincerely,
Dr. Neerja Birla

MESSAGE FROM THE MEDICAL DIRECTOR

“Healthy
communication
is the key for
mental well being”

Talking about the Hard Stuff –

One of the toughest jobs of parenting is talking to our children about difficult subjects, the ‘hard stuff.’ Most parents aspire to raise their children to be comfortable about the facts of life by the time they approach adulthood – puberty, body image, sexuality, relationships, loss or death. However, the fact remains that many folks struggle to act on these aspirations. In the current times, where children are constantly being exposed to the big issues of life, addressing the ‘hard stuff’ early-on goes a long way. First, it reduces the possibility of children developing psychological or emotional distress resulting from misinformation or complete lack of understanding of how to deal with these issues; second, it normalises emotions and feelings that are experienced during turbulent times. As parents, we often shy away from discussing these issues. We tend to avoid the situation, telling ourselves that our children are too young, they will ‘find out’ in their own time or that it is a phase that will hopefully pass. The reality is that children know — whether it is through the internet, their smartphones, the news tab left open on your laptop, the school bus, hushed peer conversations on the playground or sleepovers with friends. Communicating with our children equips them with awareness, compassion and character – essential for healthy all-round development, security and well-being. It gives them the tools to lead emotionally healthy and fulfilling lives. Maintaining open lines of communication with our children means encouraging conversations about ‘hard’ topics, it means not ignoring a child’s question or trying to change the subject. Instead, use this opportunity to nurture their curiosity and contribute to their knowledge base with a better understanding of these difficult yet vital aspects of life. It is important to ‘normalize’ these conversations and discussions to slowly and systematically desensitize them, giving them room for more awareness, acceptance and healthier coping mechanisms through difficult phases in their lives. The emotional well-being of our children and youth is as important as their physical health. Good mental health allows them to develop the resilience to cope with whatever life throws at them and grow into well-rounded, evenly-balanced adults with healthy levels of self-confidence, self-worth and contentment.

Dr. Zirak Marker

MESSAGE FROM THE HEAD OF SCHOOL

“Change
is the only
constant”

And just like that, another year ends... and what a beautiful year it's been! A year that filled up the corridors with the happy sounds of children, and the chatter in the staff room.

Looking back, one is reminded that change is the only constant. Though we all fear change, resist change and try our best to avoid it, very rarely do we look back at change with regret. We almost always come out a newer, stronger, better version of ourselves.

As TABIS gets ready to enter its 10th year, I invite you all to join me in celebrating each and everyone who has contributed to the beautiful school we are today. Our teachers whose passion has always been unparalleled, the therapists who have worked to bridge the gaps, our support staff whose love and dedication knows no bounds, the Co curricular staff who are there to give our children a break from their day, the non teaching team that works tirelessly to ensure all departments come together seamlessly, you my dear parents for your trust in our abilities and program. Last and best of all, the soul of our school... our children, each one a unique piece of a puzzle that makes TABIS whole.

I thank you all from the bottom of my heart for making TABIS the amazing place it is. So here's to another year, new challenges, new experiences... here's to all of us!

Ms. Piya Marker

HEAD GIRL

“School makes a
profound
impact
on student's life”

I feel honoured to have been given this opportunity to put down my thoughts in the yearbook, as the Head Girl of my beloved school.

Never in my wildest dreams had I thought I would be elected as the Head Girl. As I look back at the past few years, I realise how much I have gained after I joined TABIS. I was very shy when I started at TABIS 3 years back. But as days went by I became more confident and my personality bloomed. I have got over many of my fears, and have made lovely friends for life. The teachers are very nice and though they may have pulled me up on rare occasions, there is no doubt about their immense love for me.

The school inculcates the right values in their students and this has also helped my peers and me to become more mature as we have been guided towards the right path. The learning has been beyond the textbooks. The school has taught me how to interact with people, how to deal with challenges that I will meet in my everyday life and this has made me better and stronger as a person. The events, field trips and edu-tours add to the fun learning experience.

I am fortunate that this year we also started the Interact Club in school and I am honoured to be its President. It has been exciting to organise meetings and activities centering around the theme - Dignity of Labour. We have organised interviews with some of the support staff members and got to know them better. We are also planning to conduct a medical camp for them in school to show how much we value them. I would like to thank the teachers for appointing me and giving me this wonderful opportunity. This year has flown by and as I draw closer to the first milestone of my journey as a student - the completion of the grade 10 Secondary exams, I wish all my fellow students the very best in everything they do.

Head Girl - Sumehra Vahanvaty

HEAD BOY

“Believe that
You Can”

It is an honour for me to write in this yearbook as the Head Boy of The Aditya Birla Integrated School - year 2022-23.

Ever since I joined school, during Annual Day I would see the Head Boy of the school stand on stage, giving a speech. I used to dream about one day being the Head Boy and doing the same. And I am honoured and thank all my teachers and my dear friends for believing in me and making this dream a reality.

I joined school when I was 8 years old. I was shy, timid and always liked to live in the shadows. As time went by, my teachers helped and encouraged me to come out of my comfort zone, to try new things, to take up new challenges, to be strong even when I failed a task. I grew from strength to strength and never looked back. It's been a wonderful journey for me. I have made some great friends here and had some amazing experiences. Every Sports Day, Annual Day and camp was super fun. Leading the school on Sports Day this year was an emotional moment for me.

School has helped me to believe in myself. This year has been tough for me and I have made it through only because of the constant support of my dear teachers, especially Ms. Piya, Dr. Marker, Ms. Leena and Rehaan Sir. Thank you from the bottom of my heart.

Head Boy - Uddhav Ruparel

FAREWELL

31.03.2022

The Farewell for the students of Secondary Level 2 & Junior College Level 2 was one of our last events of the year and ironically, the first offline event after 2 years of online school. The students were super excited to be in school for their final goodbye.

The teachers had organised some fun games for the students. They participated whole-heartedly - the fact that they had been missing physical school was very evident. The laughs, the high-fives, the excitement said it all.

They received a small token along with their class photos as a memoir. Ms. Piya announced their names and shared anecdotes about each student. They felt special and treasured. It was a bitter-sweet moment for all of us as some of them were going to continue with us in Junior College while others were leaving the portals of TABIS to explore new avenues. It was a fitting end to a year of successful events.

-Ms. Delnaz Sinor

AWARD CEREMONY

09.04.22

For being diligent

Krishay Shah

For having a positive attitude

Jhanvee Duggal

For being sincere and hard working

Soham Chakraborty

For great attention to detail

Ayush Mukherjee

For going the extra mile

Hatim Dohadwala

For possessing knowledge beyond curriculum

Neil Chinmulgund

The annual awards ceremony was held online section wise. Students and parents were eagerly waiting for the results. The teachers were all excited to announce the winners and their special titles. Certificates were presented on screen to the students for their achievements. It was heart-warming to see the expressions on the students and their parents' faces when their names and awards were announced. A unique factor about the awards ceremony held at TABIS is that the school recognizes the students not only for their academic progress and achievements but also for their special skills and values which are the highlights. 'Cheerful disposition', 'Being super organised', 'For showing persistence in task completion', 'For displaying knowledge beyond the curriculum', 'For being well-mannered and courteous', 'For superior penmanship skills', 'For being hardworking and diligent', 'For being sharp, enthusiastic and confident', and many more accolades. Each and every student of the school is recognized for their unique talents, skills and values which serve as an inspiration to all. It is indeed a proud moment for parents and teachers to see their children receive these prestigious titles. Every year, the award ceremony indeed serves to fulfil the purpose of recognizing and rewarding 'well balanced students' and 'inspiring potential' which is the mission of the school. The school year book and year end video was also released on this day. It was wonderful to see a glimpse of the year gone by which showcased the impactful work. The event certainly ended on a positive and inspiring note to scale greater heights of success in the years to come.

-Ms. Rochelle Fernandes

INVESTITURE CEREMONY

23.06.2022

Dia Nazareth - Prefect - Sincerity : I was elected as the prefect of the House of Sincerity at the investiture ceremony. I was shocked and surprised as I was a new student at TABIS. My teachers recognized my potential within a few weeks. I felt honoured and privileged by this gesture. I am thankful to Ms. Leena and the TABIS faculty for trusting me and believing that I had the ability to take up the responsibility of leading my house. The ceremony was well organised. All the prefects elected truly deserved it. My father came for the ceremony and he too was surprised to see me elected as prefect. He always wanted to see me in a leadership position at school and he is happy that TABIS gave me this wonderful opportunity.

Krishay Shah - Games Captain : When the investiture ceremony began, I was nervous. I wasn't expecting to receive any title. I felt a rush of excitement when I got to know that I was chosen as the Games Captain. Since I perform really well in sports, my teachers and peers recognized my qualities and gave me this honour. Sports has always been an integral part of my life. Having the honour of being the Games Captain twice in a row has boosted my overall confidence, growth and athletic performance.

Kaizaan Khambatta - Prefect - Bravery : I felt very proud of myself for being elected as the Prefect of the House of Bravery. Since grade 4, I have aspired to become a Prefect in school and to lead a house. It was a prestigious moment for me to hold the flag of Bravery and take the oath along with the other prefects. Receiving the badge of my house made me feel responsible and powerful. My mother and grandmother attended the Investiture ceremony and were very proud to see me on stage achieving this honour.

LANGUAGE FEST – DLP

14.07.2022

This year's language festival included the topic of languages and cultures from other nations as its theme. DLP made the visitors travel to Mexico, Italy, the United Arab Emirates, and Japan.

This was accomplished by decorating each classroom in accordance with the allocated nation. Each classroom served as a doorway into the customs, cuisine, and music unique to that nation. Additionally, each nation featured its own games and activities as well as a tattoo studio where the teachers drew images inspired by that nation's culture as tattoos for the children.

As they visited each of these classrooms, which represented various nations, their passports, which were also provided to each guest, were stamped. It was a fun event, and it was especially amazing to watch the children and their parents becoming more accustomed to the many cultures and languages. – **Ms. Laura Menezes**

LANGUAGE FEST – IEP

21.07.2022

The Aditya Birla Integrated School's Language Fest Day 2022 followed a unique agenda as it celebrated different languages spoken around the world. This theme was interwoven into every element of planning this event. Students from grades 1 to JCL2 participated in the event, while the teachers integrated themselves to plan various interactive activities for different age groups and conducted the entire event meticulously throughout the building, from the first to the seventh floor.

The Junior school students took part in the Personality Parade, *"This is Me!"* Every student chose their favourite personality, dressed like them and also spoke in their native language, while introducing themselves. A video compilation of the personality parade was extremely enjoyable. Grade wise activities were planned through video commercials, print/digital media advertisements, sticky notes etc. All games were played by the students with great enthusiasm. The treasure hunt game was the cherry on the cake. Students enjoyed cracking the clues to find the treasure- a box full of chocolates. House points being added to the final house scores for the first and second place, added an element of competition to the entire event. All in all, Language Fest was an enjoyable and memorable day, packed with meaningful activities and events that helped to enrich the love for languages among all the students. – **Ms. Tenaz Batliwalla**

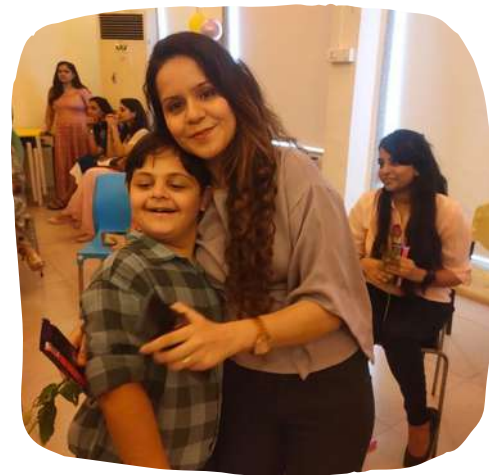

For senior school, there was a round of intense competition where the students scrambled to identify foreign language advertisements and tried to guess the product. Not only that, but an exciting number game was also played, that gave the students a chance to learn some Japanese, French, Spanish and Italian numbers to win points for their teams! The higher grades in senior school also put up a genre-based (comedy, tragedy, thriller, adventure) dramatization sequence, using at least five foreign language phrases in them.

The event culminated with our judges – Dr. Marker, Ms. Piya, Ms. Leena & Ms. Aisha – awarding the best performances from 'Scene It!' Lastly, our teachers put out an interesting performance with 'Dub-Smash' where they mimicked famous Bollywood scenes by replacing their dialogues. The fun-filled afternoon was a memorable one, and had students recounting the fun for days to come! – **Ms. Mahima Khetiya**

TEACHER'S DAY – DLP

02.09.2022

The DLP Teacher's Day celebration at TABIS was held in the school Auditorium on the 2nd of September, Friday at 10.30 am organized by the DLP parents. The theme for the morning selected by our parents was "Let us sing along-Its time for a musical morning". It began with a warm welcome given to Ms. Piya Marker, Dr. Zirak Marker, Mr. Rehaan, Ms. Talia, us teachers and therapists by our wonderful parent compere Mrs. Khandelwal along with a small token of appreciation for all of us.

Not forgetting the heart-touching short welcomes and wishes we got from our students in a few words on the mic made our day. The celebration continued with a solo singer along with her accompanist on the keyboard that took us down memory lane with the lovely songs that were dedicated by the students along with their parents for their respective class teachers. There was a round of songs played and a few teachers were picked randomly to sing along in turns. This memorable celebration finally came to an end with a vote of thanks to the parents for a fun-filled session by our head of school Ms. Piya Marker, and Dr. Zirak Marker. We then ended the day as each student along with their parents went around personally to wish their teachers after a span of two years. – **Ms. Eliza Pereira**

TEACHER'S DAY – IEP

02.09.2022

All teachers I am sure will agree when I say, it's an indescribable feeling to see our students perform. On teacher's day too, we enjoyed every bit of our students' performance, an evident feel of 'swelling pride', and a secret prayer- 'nothing should go wrong'. Some impromptu performance from students was the perfect teacher's day gift, the proof of confidence of what each teacher has imparted in their students. Classroom moments mimicked, frequent teachers' comments 'Says which teacher?' were absolutely hilarious. Some of the students also recited poems straight from the heart. Mrs. Birla's words endorsing the hard work of TABIS teachers, surely worked as a catalyst to continue good work in days to come. Fun and games, organised by the Human Resource Department was a much needed break for all the teachers. Selfies, cake cutting, a delicious lunch, breaking into a dance..an event full of fun and pride! I am sure every teacher, every student had a few moments this teachers day.. to reflect and reassert this beautiful learning journey together.

Ms. Saumya Menon

5th September 2022 was my first Teacher's Day as a teacher. It was a very happy and emotional day for me. It is on days like these that we feel the impact we have had on our students. The personal wishes, notes, letters, and presents were the sweetest way my students could show me their love and appreciation. It has been a wonderful journey so far and I am blessed with the best students, colleagues and the entire TABIS team.

Teaching is no bed of roses, but I am enjoying every bit of it and I hope my students share my sentiments too.

Ms. Pratibha Fernandez

PROJECT DAY – DLP

29.09.2022

Project Day conducted on 29th September 2022, gave the opportunity to students to explore and experience new skills and competencies. Using models, charts, and activities, each child was able to communicate how they understood the topics in their own unique way. The audience was amazed and filled with pride as students confidently displayed the art of public speaking. The concepts being chosen from the academic curriculum like Language, Math, EVS and Life Skills helped students to relate to the activities and display their understanding using their strengths. The Project Day was planned in a way to keep the event interactive and engaging while allowing students to take charge of propagating knowledge with little support provided by their respective teachers. Overall, due to the collaborative efforts of parents and teachers, the event was a success and the students received their well-deserved praise. – **MS. Zaineb Kagalwala**

PROJECT DAY – IEP

22.09.2022

The theme for this year's Project Day was 'The Year that Was'. The central idea was to give the students a glimpse into world events and history. Each group chose a decade and explored a particular aspect of the decade. The students showcased their written work in the form of presentations, skits and debates. SL1 – JCL2 covered World War II and the current Ukraine and Russia war. Grade 8 covered scientific inventions, Grade 7 presented their research on Coffee, Grades 5 and 6 chose Ice-cream, Grades 3 and 4 Games, Grades 1 and 2 Pop Culture and Music. The students and teachers were actively involved in research and activities to collect their data. The quality of research and presentations demonstrated great effort and enthusiasm on the part of students and teachers. Each one present on Project Day took back rich knowledge, learnings and insights which made Project Day a huge success.

Ms. Delnaz Sinor & Ms. Rochelle Fernandes

NAVRATRI CELEBRATION – DLP

03.10.2022

Festivals bring everyone joy, faith, devotion, and a sense of unity. As a result, the DLP section organized a Garba party on the occasion of Navratri on October 3rd.

All of the students, faculty, and staff members took part enthusiastically. The students had all dressed up in traditional attire. The students were ecstatic to dress up in various bright colours. Boys wore kurta pyjamas, and girls wore traditional Indian dresses.

Students were taught about the occasion, the significance of the Navratri festival, and how to better understand the festival. All of the students gathered in the school auditorium to celebrate Navaratri by listening to songs and playing Garba.

Teachers assisted students in learning and copying the steps. The students had a lot of fun dancing.

-Ms. Niti Mehta

LIBRARY FEST – IEP

06.10.2022

In our efforts to befriend our young students with books, we started out in June with our Library classes, with Grades 7 IGCSE, 7 NIOS and 8, and movie review classes with SL 1. Library Fest, organised by the Library teachers and students on 6th October '22, provided all our students an opportunity to put their best foot forward by participating in the joy of reading and film appreciation.

Grade 7 I showcased their love for funny stories and comics by reading out humorous poems by Shel Silverstein, and showcasing comics that they created on their own, inspired by the Supandi comics!

Grade 7 NIOS recreated the characters from the beloved classic 'Winnie the Pooh' by A A Milne, by impersonating Christopher Robin, Winnie the Pooh, Tigger, Piglet and Eeyore.

Grade 8 read some horror stories, some by Edgar Allan Poe, as well as some murder mysteries by Roald Dahl. The students turned one of the short stories, 'Gift of the Magi' by O Henry, into a magical performance on stage.

Grade SL 1 reviewed 'Grave of The Fireflies' and 'The Boy in Striped Pyjamas' as part of their movie review lessons. These films gave them an opportunity to delve deeper into the era of World War II – a time during which human life and its significance itself was brought to question.

Overall, it was a joyous celebration alongside parents and teachers of the Senior School, and one that hopefully inspired more to read books and watch films.

–Ms. Mahima Khetiya & Ms. Shruti Chowdhury

CHILDREN'S DAY – DLP

14.11.2022

The day was commemorated with immense joy, enthusiasm, and magnificence. Students were instructed to dress in any cartoon or superhero costume. The classes were divided into three themes Disney, Super Simple, and Avengers. Each theme had games planned by teachers that our kids could enjoy. The Disney theme class was decorated with castles, Aladdin, and Frozen giving a fairytale pinch with fairy lights all over. It had games like building up Olaf puzzles, Bowling, and a Craft activity of making a magic wand to enhance their creativity. Moving further to Super Simple, this theme was selected by keeping the students' love for rhymes in mind. The class was decorated with a jungle theme with animals, a tall tree, and a pond in the corner giving kids soothing sensory input. The games were related to enhancing their perception skills and problem-solving abilities. Like adults, our kids also love superheroes. The class was decorated in sections with famous superheroes like- Ironman, Thor, Spiderman, Captain America, and Blackpanther. The games planned focused on enhancing motor skills and perception skills. There was excitement in the air and the little ones left the school with a bag full of stories about their special day at school. The celebrations came to an end with the distribution of gifts in the classes as a small token of love and affection by the school. – **Ms. Sahi Fitwalla**

CHILDREN'S DAY – IEP

14.11.2022

I liked the concept of the play that was enacted by our teachers wherein they played the role of students. The scenes were very relatable. It addressed many issues that students face in school. Our teachers performed a very innovative dance. They first danced on the stage, then they came down to the audience, danced by the sides and at the back. They then moved back on the stage and ended the performance by displaying creative charts with powerful messages that we children could treasure and take back.

Grade – JCL1 – Urvaksh Patel

I loved how the teachers dressed up so creatively as students for the play. They narrated their dialogues like children. The songs which were part of the play were very entertaining and had perfect timing according to the script. During the dance performance, party poppers were used which made us children very excited. The snacks were very tasty. We ate yummy burgers, chocolate cake and cheese nachos.

Grade – 7 – Akanksha Visweswaran

Performing in front of the students was a whole new experience for me, but having said that because of the teachers' help, my entire stage fright just disappeared. Moreover, the practice part was more fun than the actual performance. Not all of us were good at dance, but we did help each other to correct all the steps. Last but not the least, thanks to Ms. Delnaz, we did perform like professionals on the stage.

Mr. Vishal Patil

CARNIVAL

25.11.2022

TABIS Carnival was truly a fun-filled event and we all had a wonderful time at school. Age no bar for sure! I would like to appreciate the efforts of all involved in planning, organising and executing this huge task and making all of us so comfortable at the Carnival. 7th grade Moms also got an opportunity to get together and plan our stall. We thoroughly enjoyed ourselves as we got to know each other. We all bonded so well! We are grateful to the school and to all involved in making this event a huge hit! The event was a success due to the organised efforts of parents, teachers and the students.

Mrs. Kalyanpur (Parent of Sayuj Kalyanpur – Grade – 7)

EDU TOUR

Baroda

30.11.2022

We at TABIS truly believe that knowledge gained through experience is far superior and more useful than that gained merely by books. In our endeavor to provide learning beyond the textbook, this year, the students of Grades SL1 to JCL2 were taken to Baroda. For most of the students it was their first journey by train. On reaching Baroda, we made our way to Anand, home of the mega cooperative, AMUL. We were welcomed into the huge factory campus and were shown around. They saw the manufacturing and packaging of India's most beloved butter. We kicked off the Young Entrepreneurs' Contest with a quiz on the Amul Cooperative. They then engaged themselves in an activity called "Re-launch" where they were asked to re-brand, re-package and re-launch the product and also devise a 1 minute YouTube ad for it. The students did a brilliant job – they were creative, innovative and presented their new products with confidence. The next activity, called "Escape Room", tested their knowledge of concepts of Business Studies and Economics. The following day we visited the Statue of Unity, the tallest statue in the world. There we visited the Zoo, saw the Sardar Sarovar Dam. Our final destination was the Maharaja Fateh Singh Museum where the students saw the paintings of Raja Ravi Verma and sculptures and art works of various other artists like Fellici & Raphael. Overall, it was a well – organized and planned trip with great learning outcomes for the students. – **Ms. Delnaz Sinor**

EDU TOUR

Magic Artisans Village

02.12.2022

The students of Grades 1 – 8 visited Magic Artisan's village – Back to your Roots at Karjat on Friday, 2nd December, 2022. It was an enriching experience as their learning was broadened beyond the curriculum by providing them hands-on experiences. This visit not only helped students enhance their knowledge but also helped them build their confidence. They were able to draw differences between a modern and a traditional village with the help of various activities. They took part in the traditional village games and got a first-hand experience of activities such as bamboo weaving, pottery, handicraft prints, carpentry, blacksmithery, tailoring, etc. Our students tried their hands on the turner machine which transforms a piece of wood into beautiful wooden art and also learnt some basics of carpentry. Some of our students tried their hands at the sewing activity. This activity helped them understand how people in villages convert an unfinished product into a finished one and sell it in the market to earn their living. The students were also engaged in pottery activities. They were explained how clay can be moulded and how pots of different shapes and sizes can be made. Our students took back some essential skills, fond memories of the place, rich learnings about the functioning and ways of life, a little different from our current times. The educational tour certainly helped our students understand our roots, our culture and the way forward in a practical yet fun way. – **Ms. Munazza Siddiqui**

INTERHOUSE SPORTS EVENTS

14.11.2022

This year, I received the Best Player award for the inter house sports event. Grades 1 to 4 played a game called 'Pick your Colour'. When your number was called, you had to go to the hula hoop and play the round against a player of another house. We had to wait till the host calls out a colour. We had to pick a ball of that colour from the hula hoop which was placed on the floor. The moment was very intense. My strategy was to be on my toes, focus on the colour being called, maintain eye contact on the colour of the balls, carefully hear the colour being called and swoop like an eagle down to the balls and pick it before my opponent could do the same. At the end of the rounds, there was a tie between another house and my house. I was selected to play the tie breaker round. From this game, I learnt that you need to be very precise with your reflexes to win. It was amazing to be the winner of this innovative game. I was very proud of myself and that I could contribute towards my house points

Grade - 4 - Neil Chinmulgund

I enjoyed the inter house events this year. We had to throw the basket ball in the hula hoop and we got 4 chances. I was proud and happy to score for my team. I enjoyed cheering for other teams. I got the best player award in this game. My house won because of good team spirit. I was very excited about my house and my success. My parents felt proud when they got to know about my performance..

Grade - 7 - Vivaan Pithavala

SPORTS DAY- DLP

13.12.2022

As we all know, sports play an important role in the development of all students. It teaches discipline and is very essential for them. Sports develop the spirit of sportsmanship and build the quality of team spirit in students. At TABIS, this year's sports day was celebrated on the 13th of December 2022 by DLP Section at PDP - Priyadarshini Park. It started at 9:00 am, the opening ceremony was done by our school Principal Ms. Piya Marker, Chief Medical Director Dr Zirak Marker and our section head Ms. Talia D'Souz. Everyone, including the parents, was excited as this event was conducted after 2 years of the Pandemic. In the DLP section, we look forward to helping our students develop greater confidence, self - esteem and obtain a healthy body. All students were encouraged to participate in this event. It was a fun-filled event and challenging at the same time. Our sports day started with a march past by Pratham & Pre - Pratham students followed by the school anthem. Different sports activities like Flat races, Hurdle races, Aim and Throw, Hulahoop, Obstacle races and many more activities were conducted. The students did a fantastic job. This event helped the students to develop team spirit, self-confidence, and awareness about one's self and their surroundings. Students performed wonderfully with great enthusiasm throughout the event. There were medals and trophies distributed to the winners and they were appreciated for their hard work and performance.

-Ms. Arshi Sayed

SPORTS DAY- IEP

17.12.2022

Sports Day was one of the most missed events during online school. So it was only natural that when the event was announced, the school was abuzz with excitement. The Inter-House Chess Tournament set the tone for the upcoming event. The main event was held at Priyadarshini Park, Nepeansea Road. On the Heats Day, we practised our March Past and the novelty races. In the days between the Heats and Sports Day, various inter-house competitions were conducted that kept the sporting tempo going. Sports Day began with March Past which was led by the Student Council Members and House Captains, followed by their respective team squads. After the Oath was taken by our Games Captain, the students quickly warmed up for their races. They put their best foot forward and gave it their best shot in both individual as well as team events. The Novelty Races were challenging but entertaining for both, the participants as well as the spectators. The event culminated with a Prize Distribution Ceremony where Sumehra Vahanvaty, Yukti Jain, Krishay Shah and Shlok Dhamecha were awarded the Best Sportsperson trophies. The House of Amity won the trophy for March Past, while the House of Sincerity proudly lifted the overall Championship Trophy, creating history by becoming the first batch to achieve this coveted feat for their house. While only some students won trophies, what truly warmed our hearts was the show of their grit, determination and true display of sportsmanship. - **Ms. Delnaz Sinor**

CHRISTMAS CELEBRATION- DLP

22.12.2022

Christmas is something we all look forward to, but in the Tabis family, we are all so excited about it. At the beginning of December, we sing Carols during circle time and we sing and dance with our students. As Christmas gets closer, one surefire way students stir up the Christmas spirit is by rolling up their sleeves and getting crafty. Everybody, including the art teacher and the therapist, is focusing on some or other activity related to Christmas while keeping in mind their fine and motor skills. On December 24th, Christmas morning, students arrived with a joyful smiles, as their Christmas break was just around the corner. Some were heading off on holiday and were telling their friends and teachers about their wonderful planned vacation.

Teachers had planned a wonderful activity for the students. While we were encouraging the students to get crafty with the glass snow globe, the process was simple, and the result was dreamy. After the students finished creating the glass snowball, they all wanted to keep it and show it off for years to come. We all wished each other a Merry Christmas and headed off for a lovely break.

-Ms. Nimita Jeevan

CHRISTMAS CELEBRATION- IEP

22.12.2022

Christmas is always a special time at TABIS. There is a sense of relief that the year is coming to an end, coupled with excitement for the impending Christmas break.

The students were divided into groups. Students of Grades 1-4 watched a video about the spirit of Christmas and then made a Santa themed Christmas greeting card. Grades 5-7 sang Christmas carols on karaoke tracks and created a snowman themed greeting card. Grades 8 to JCL2 were given a list of ingredients to carry for a fun cooking activity. From Santa cupcakes to Christmas tree sandwiches, their creativity was amply evident. They eagerly devoured the goodies while watching a video on the birth of Christ. All students then proceeded to enjoy some delectable snacks and went home with smiles on their faces and happiness in their hearts.

-Ms. Delnaz Sinor

PICNIC – DLP

Fun City**13.01.2023**

Enjoyment is an incredible energizer to the human spirit – John C. Maxwell

The Aditya Birla Integrated school organised a one day picnic for DLP section on 13th January 2023 at Fun city Thane. The students and teachers travelled by bus. Funcity was a huge and spacious area where our students had plenty of options to play games and enjoy rides. There was a play area, game zone and rides for the students to explore. Students were excited and enthusiastic to attend the Magic show. To refill their energy back yummy food was organised in the food court.

This picnic provided a great opportunity for our students to cherish wonderful experiences and face a range of challenges that contributed significantly to their personal development. They were able to follow instructions, wait for their turn, accept the new environment and enjoy the presence of others around them. A fun and relaxing day full of happy memories ended with a group photograph.

-Ms. Anam Nagani

CAMP – IEP

17.01.2023

Our wonderful kids, parents and teachers from TABIS have had a wonderful field trip to Goa, where they learnt new dimensions to life be it a fun train journey to Goa. Students made a workable raft and also tested it in water with themselves in it. They also learnt about the mangroves, their importance and the functioning of this ecosystem. A beach visit in Goa is a must – the students and teachers had a great time at the beach making sand sculptures, enjoying the waves and watching the beautiful sunset. The trip ended with a wonderful dolphin adventure where they learnt more about dolphins and their way of life. The icing on the cake was spotting a dolphin couple at close quarters in the open ocean. This was one of the most – awaited events of the year for students, parents and teachers. We decided to venture out of state to Goa. The train journey was scenic and enjoyed by the students. The students were divided into 3 teams. The evening commenced with ice – breaker team activities that tested the teams on cooperation, teamwork and communication. The students were also involved in an art activity depicting marine life.

In the days that followed, the students made a workable raft and also tested it in water with themselves in it. They also learnt about the mangroves, their importance and the functioning of this ecosystem. A beach visit in Goa is a must – the students and teachers had a great time at the beach making sand sculptures, enjoying the waves and watching the beautiful sunset. The trip ended with a wonderful dolphin adventure where they learnt more about dolphins and their way of life. The icing on the cake was spotting a dolphin couple at close quarters in the open ocean.

–Ms. Delnaz Sinor

Parent Testimonial

“Thanks a ton to the entire TABIS Team for such a memorable trip & showing our kids Goa beyond beaches and churches. The thing that made me happiest was when my son said, “Mumma, life without the mobile phone is so beautiful”. That’s when I realised that not allowing gadgets on the trip was the right decision. Thank you for taking utmost care of our children. Kudos to the entire team!”

We returned home with greater knowledge, new bonds of friendships and fond memories.

CONCLAVE – IEP

02.02.2023

Field trips are a great opportunity to foster experiential learning. They provide students an opportunity to witness the learning concepts in reality. 'Conclave', a senior school event was organised by the students of grades 7, 8 and SLI to showcase their experience and learning which they gathered during their field trip to 'Wadbro's Export and Import'. The event was held in school on 2nd February, 2023. The students shared their hands-on learning with their parents, concepts of Business Studies and Economics - such as forms of business organisation, process of production, labour productivity, channels of distribution, etc. The students even shared various strategies used by "Wadbro's" to advertise their products. This event gave the students a platform to display their learning and insights gained through field visits with theoretical concepts taught in class.

-Ms. Simran Wadhi

INTERACT CLUB

"Everyone can be great, because everyone can serve." Sharing this view of Martin Luther King, Jr., The Aditya Birla Integrated School inaugurated an Interact Club from the academic year 2022-2023. Following the installation ceremony on December 15, 2022, our office holders excitedly devised a variety of successful fundraising ideas and plans for community service. The committee continued with the annual theme, "Dignity of Labor," which involved students initially meeting one-on-one with members of the school's support staff before conducting radio interviews with a couple of those staff members and playing their favourite songs. In a role-reversal activity with the support staff, all senior school students washed their own plates and wiped their lunch tables. They were able to appreciate the job that the support and housekeeping employees undertake every day thanks to this activity. The club's next goal was to gather money through a fundraising event so that it could organise an eye check-up camp for the support staff. A bake sale was used to raise the money. The entire school staff, along with the first through JCL2 students and teachers, contributed wholeheartedly towards this activity. The action plan for the upcoming year has been developed by the committee, and it is eagerly awaited for implementation.

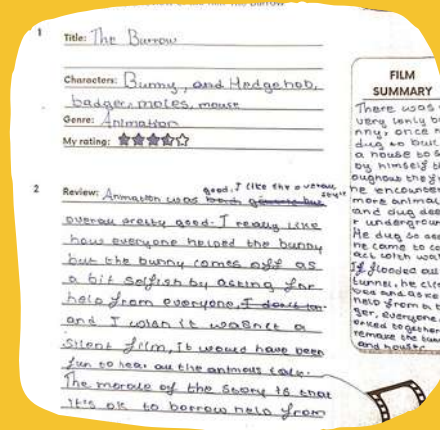

-Ms. Manju Navani

YEARBOOK TEAM

- Ms. Piya Marker

- Vivaan Daswani
- Aakash Dingra

YEARBOOK TEAM PROJECTS

This year, the Yearbook Team decided to undertake a few small projects and conduct them throughout the year. We had a brain-storming session in July itself and identified the mini-events that we wanted to conduct. Right from designing the invite, creating the posters, finding content and executing the event was our responsibility. We were nervous & excited.

Our first event was the Monday Matinee Movie, held on 1st August. We showed two short films to our students of Grades 1 to JCL2. Based on the movies, the students did different activities like creating a drawing of their own burrow or writing a film review or empathetic creative writing. The audience was in splits to see Mr. Bean and his rib-tickling antics. Overall, the event was well - planned and a success!

For our second event, we wanted to do something more festive and fun. So a Navratri Utsav was planned for 28th September. The students & teachers were invited to dress up in their best Indian clothes. We decorated the 7th floor with colourful dupattas and selected the playlist of regional and movie songs to be played. Once the music started, all students, teachers and even the support staff could not help but join in the revelry. The event was a hit!

Our last event for the year was held on 28th November, to commemorate the bravery displayed by the victims and law enforcement personnel during the 26/11 Taj Terror Attacks. We were fortunate to have with us Mr. Rajvardhan Sinha, who was a part of the first response team to be at the location of the incident. In the weeks leading up to the interview, our teachers gave us a lot of background information about the incident through videos and talks. The Yearbook Team also devised questions for the interview. We were awestruck as Mr. Rajvardhan Sinha spoke with simplicity, humility and passion. The audience sat mesmerised as he narrated his experience of the horrific event!

We are really happy to have received this opportunity to plan and execute a variety of events. It gave us an insight into all the tiny details that need to be planned, the actual execution and the things that need to be done even after the event is over. It was an enriching experience indeed. - **Yearbook Team**

DIFFERENTIATED LEARNING PROGRAM

Grade - Early Intervention Program - Level 1 - Vikram Agarwal, Vihaan Bhansali, Kiara Jain, Viva Jain, Agastya Majumdar, Ayansh Parekh, Aahan Wahi, Ms. Arshi Sayed, Ms. Anam Nagani, Ms. Kainaat Qureshi

DIFFERENTIATED LEARNING PROGRAM

Grade - Early Intervention Program - Level 2 - Viaan Dayakaran, Vihaan Sodaye, Ayesha Ansari, Ebrahim Khargoonwala, Manasvin Narayan, Akshaj Rayachoti, Ayaan Syed, Vansh Kataria, Ms. Rashmi Malik, Ms. Ritika Yadav

DIFFERENTIATED LEARNING PROGRAM

Grade - Early Intervention Program - Level 3 - Niva Joshi, Aliakbar Kapadia, Karalika Kumar, Noyonika Mandal, Jaza Shaikh, Kartikeya Shanbaug, Reyansh Srivastava, Advait Vivek, Ms. Nimita Jeevan, Ms. Sahi Fitwalla

DIFFERENTIATED LEARNING PROGRAM

Grade - Global Intervention Program - Level 1 - Jenika Baldia, Reyansh Jain, Vivaan Jain, Shaurya Keniya, Karthik Kotwal, Saifuddin Sapatwala, Taha Tanveer Ahmed Shaikh, Ms. Charmy Adhia, Ms. Niti Mehta, Ms. Riya Kandalkar

DIFFERENTIATED LEARNING PROGRAM

Grade - Global Intervention Program - Level 2 - Mohammad Zohair Raees Ahmad, Reyaan Gupta, Mysha Malani, Advita Shah, Ms. Rashmi Malik, Ms. Niti Mehta

DIFFERENTIATED LEARNING PROGRAM

Grade - Global Intervention Program - Level 3 - Eshaan Goyal, Aarav Jain, Punya Mehta, Ahaan Preet, Abhirath Rao, Ms. Anam Nagani, Ms. Sahi Fitwalla

DIFFERENTIATED LEARNING PROGRAM

Grade - Global Intervention Program - Level 4 - Devika Ahuja, Sayandeep Ghosh, Shourya Shankhdhar, Ms. Nimita Jeevan

DIFFERENTIATED LEARNING PROGRAM

Grade - Global Intervention Program - Level 5 - Rigved Bhalerao, Aditya Jha, Anahita Khetan, Sirath Thapar, Vaani Tongya, Ms. Ritika Yadav, Ms. Kainaat Qureshi, Ms. Parina Khetan

DIFFERENTIATED LEARNING PROGRAM

Grade - Pre-Pratham - Amy D'souza, Jay Khandelwal, Shrey Madrecha, Aneesh Mitra, Abdul Rehaman Fakki, Mudit Tanwani, Kashish Thakkar, Ms. Eliza Pereira, Ms. Zaineb Kagalwala

DIFFERENTIATED LEARNING PROGRAM

Grade - Pratham - B - Saumil Agarwal, Smayan Goswami, Yash Jain, Khush Kapadia, Jai Shetty, Shantanav Singh, Ms. Denise D'souza, Ms. Arshi Sayed

JUNIOR SECTION

Grade 1 – Kyra Issar, Naksh Mulchandani, Manasvini Shri. D, Ms. Fatema Ujjainwala

JUNIOR SECTION

Grade 2 - Vivaan Agrawal, Shlok Dhamecha, Hrishit Rana, Ms. Swastika Bhattacharya

JUNIOR SECTION

**Grade 3 – Aarav Amonkar, Maahir Buricha, Arjun Nilewad, Vedant Nimbolkar,
Ms. Pramila Mankikar**

JUNIOR SECTION

Grade 4 - Neil Chinmulgund, Alan D'souza, Viram Jain, Arzan Majoo, Gautam Malik, Ayush Mukherjee, Abbas Vapiwala, Ms. Rabab Bohra, Ms. Tenaz Batliwalla

JUNIOR SECTION

Grade 5 - K.V. Abhishek, Pia Jain, Aanya Kalbag, Ms. Akshada Kulkarni, Ms. Venetia Baptista

JUNIOR SECTION

Grade 6 - Altamash Dhorajiwala, Hatim Dohadwala, Shaunak Joshi, Rohan Shah, Harshyl Sudharshan, Shaurya Vira, Ms. Reena Turner, Ms. Rochelle Fernandes

SENIOR SECTION

**Grade 7 - IGCSE - Sayuj Kalyanpur, Vivaan Pithavala, Akanksha Visweswaran,
Ms. Mahima Khetiya**

SENIOR SECTION

Grade 7 - NIOS - Neev Bhansali, Bhavyanshu Dedhia, Mayank Dhamecha, Hridant Jhaveri, Yeh hsi Ma, Kathan Sachdev, Mehaan Shah, Sharanya Gupta, Zayn Meherhomji, Ms. Batool Lokhandwala

SENIOR SECTION

Grade 8 - Keanu Dadyburjor, Ananya Khaund, Chaitanya Mehta, Anushka Nadkarni, Shivaina Nichani, Dinshaw Printer, Hreya Shah, Aarna Shanghvi, Parth Shethia, Jiya Soni, Craig Crasta, Ms. Avani Mishra

SENIOR SECTION

Grade – Secondary Level 1 – Vivaan Daswani, Aarav Jain, Yukti Jain, Amiya Kalra, Arsh Kanjiani, Muhammad Khan, Dev Kothari, Arvaan Talreja, Aakash Dingra, Rishon Hiranandani, Ms. Delnaz Sinor

SENIOR SECTION

Grade - Secondary Level 2 - Kinana Contractor, Dia Nazareth, Uddhav Ruparel, Sumehra Vahanvaty, Behram Moos, Ms. Munazza Siddiqui

SENIOR SECTION

Grade - Junior College Level 1 - Soham Chakraborty, Divinaa Gupta, Saira Jagtiani, Adi Jain, Zidane Khan, Urvaksh Patel, Garima Singh, Sanjal Subramannian, Aditya Vardhan, Ms. Naeema Khan

SENIOR SECTION

Grade - Junior College Level 2 - Katha Ambegaonkar, Jhanvee Duggal, Yavnaa Gupta, Kaizaan Khambatta, Mustafa Lakdawala, Arushi Majumdar, Purazar Mulla, Nevaan Parikh, Krishay Shah, Yohan Sukhia, Ms. Pinal Shah

STAFF

1st Row – Ms. Rupali Lamkhade, Ms. Rabab Bohra, Ms. Sucheta Ravichandran, Ms. Venetia Baptista, Ms. Asmita Dey, Ms. Shruti Chowdhury, Mr. Ketan Sawant, Ms. Pratibha Fernandez, Ms. Suvarna Ghanekar, Mr. Vishal Patil, Ms. Ginella Nunes, Mr. Anish Thakur, Ms. Sharmila Gokarn, Ms. Smita Shinde, Mr. Abhishek Patel, Mr. Krunal Patel

2nd Row – Ms. Delnaz Sinor, Mr. Rehaan Bharucha, Ms. Mrunal Bhingarde, Ms. Leena Kotwal, Dr. Zirak Marker, Ms. Piya Marker, Ms. Aisha Bharmal, Ms. Talia D'souza, Ms. Reena Turner, Ms. Fatema Ujjainwala

OUR ALUMNI

**Jevin Contractor – 2016**

After graduating from TABIS, I pursued my BA degree in Film, Television & New Media Production, a three year degree course from K C College, Mumbai. Simultaneously, I also did a diploma course in acting. I also have a method acting diploma from the Jeff Goldberg Acting school in Mumbai, Bandra. I am professionally pursuing acting. I have done over 60 shows of theatre. I am currently working in a few web series and have a few film assignments.

**Danesh Avari – 2017**

I graduated from TABIS after which I decided to follow my passion and enrolled myself in IHM Mumbai and studied Hospitality Management there. I also worked at The St. Regis Mumbai as an intern during the course of my studies. After graduating from IHM Mumbai I decided to specialize in Culinary Management and moved to Canada (Ottawa) to study Culinary Management at The Algonquin College. I am currently in the First year of my specialization and am also simultaneously working at a fine dine restaurant here at Ottawa.

**Tara Contractor – 2018**

While completing my 12th from TABIS I completed a 2 year Diploma in Applied Arts from Rachana Sansad. I further completed my B.A. (Hons) Hotel Management from The Institute of Hotel Management, Aurangabad. I am currently working as a Human Resource Officer at Taj Lands End, Mumbai and alongside, I am also pursuing my Masters in Human Resources from Narsee Monjee NMIMS.

**Gauri Menon – 2018**

After graduating from TABIS, I joined Institute of Hotel Management, Aurangabad for BA honours in Hotel Management which is a 4 year course. After completing 2 years successfully, I had an opportunity to continue my last two years of the course in University of Huddersfield, United Kingdom. During my last year, I joined DoubleTree by Hilton Harrogate Majestic Hotel & Spa, U.K., for experience. I am now working there as a Front Desk Supervisor.

**Devansh Mehta – 2022**

I completed my 12th grade from TABIS. I am currently studying at Curtin University, Singapore. I am pursuing a double major degree in Finance and Marketing for 3 years. After I graduate from Curtin, I would like to work for 2 years and pursue my masters in my chosen degree at that time. I would also like to pursue music as a side career.

AWARDS

We are proud to announce that The Aditya Birla Integrated School has been ranked No. 1 special needs school in Mumbai and Maharashtra.

We have also ranked 4th Best Special Needs School in India in the EducationWorld India School Rankings 2022-23.

We would like to extend our congratulations to all of our students, parents, alumni, teachers, and the entire team at TABIS.
